Kramps cont.

The first microfilm ended in 1798. The second runs from 1815-1875. The 17 years in between is the time of the Napoleonic occupation. Civil records use French and the Napoleonic calendar.

A number of pages are difficult to read because the ink is faded and smeared. Names between 1798 and 1815, or where I only have the date and a name, it was taken from Josef Pauls' list from the Standesamt of Uedem.

*1875.17.02 Herman married Theodora Josephine Bremers 14 June 1911.
I don't think this Anna Mechthilde Kramps is the same as that who married Theodor Straaten because there are two children born within five months.*

There is a Heinrich van Looock married to

- 1. Gerarda Thiel, 04.1684*
- 2. Mechthilde Seelen 08.1691*
- 3. Dary aen gen Endt 09.1709.*
- 4. Altie Bloom 06. 1717*

Killendunck website Dary is a second marriage for Heinrich by 1711.

*But in the Church record; 15 Aug 1709 Sibilla Heinrich van Looock/Mechthilde Seele
15 Sept 1709 Joanna Heinrich van Looock/Dary aen gen Endt.*

Something doesn't fit. It seems there is more than one Heinrich.

MRIN 65 There is a Aleidis Verhoeven (*12.11.1719) whose parents are Heinrich Verhoeven and Margareta Verfurt. Heinirch's parents are Joannes Verhoeven and Aleidis van Betteray. (Kellendonk website)
